

STRATIS

Smart Apartments. Intelligent Buildings.

The ONLY Sidewalk to Sofa Solution™

STRATIS, an Inc. 5000 “Fastest Growing Company in America” and an Entrepreneur 360 “Best Company in America,” enables Smart Apartments and Intelligent Buildings. STRATIS is the only platform of its kind built for the complexities of MultiFamily and Student Housing.

STRATIS enables its “Sidewalk to Sofa™” solution, facilitating seamless access with a single platform from the exterior of the building, all the way into the unit. Additionally, STRATIS is the only IoT solutions provider that deploys professional property-wide networks.

300,000+ Apartments in the U.S.
15,000+ Homes Internationally!
